2 ORDINANCE NO. 2016 -

3 AN ORDINANCE OF THE PEOPLE OF THE CITY OF CULVER CITY
4 AMENDING TITLE 5 OF THE CULVER CITY MUNICIPAL CODE TO ADD
5 A NEW CHAPTER 5.06 ENTITLED "CULVER CITY SAFE AND CLEAN
6 WATER PROTECTION MEASURE," WHICH ESTABLISHES A CLEAN
7 WATER PARCEL TAX.

8 WHEREAS, Culver City is required by State and Federal law to prevent
9 polluted runoff from contaminating groundwater and local waterways feeding into
10 beaches and bays; and

11 WHEREAS, the 1972 Clean Water Act established the National Pollutant
12 Discharge Elimination System (NPDES) Program to regulate the discharge of pollutants
13 from point sources to waters of the United States. In 1990, Phase 1 of the NPDES
14 Program established a framework for regulating municipal and industrial discharges of
15 storm water and non-storm water. The program addressed sources of storm water and
16 dry-weather urban runoff that had the greatest potential to negatively impact water
17 quality; and

18 WHEREAS, on November 8, 2012, the California Regional Water Quality
19 Control Board - Los Angeles Region adopted NPDES No. CAS004001, Order No. R4-
20 2012-0175, "Waste Discharge Requirements for Municipal Separate Storm Sewer
21 System (MS4) discharges within the Coastal Watersheds of Los Angeles County, except
22 those discharges originating from the City of Long Beach MS4" (the "Permit"); and

23 WHEREAS, the Permit includes strict requirements termed Total
24 Maximum Daily Loads (TMDLs) which are numerical limits for pollutants such as
25 bacteria, heavy metals, toxics and trash in the affected water bodies (Ballona Creek and
26 Marina del Rey); and

27 WHEREAS, there are severe penalties for non-compliance with these
28 numerical limits, up to \$10,000 per day per violation. In addition, non-compliance
exposes the City to potential third party lawsuits, which is another potentially significant

1 impact to the City's fiscal health. These financial impacts could reduce funding for City
2 services that benefit Culver City residents, including, but not limited to, public safety,
3 parks and general government services; and

4 WHEREAS, in order to address the strict requirements of the Permit, the
5 Permit allows the City the flexibility to develop an Enhanced Watershed Management
6 Program (EWMP) to implement the requirements of the Permit on a watershed basis
7 through customized strategies, control measures, and Best Management Practices
8 (BMPs). After years of planning and development, the City along with other cities in the
9 Ballona Creek and Marina del Rey watersheds submitted their draft EWMP to the
10 Regional Board and received approval in March 2016; and

11 WHEREAS, in the coming months, the City must implement its portion of
12 the approved EWMP to remain compliant with the Permit. The EWMP comprehensively
13 identifies project opportunities within the City and watershed boundaries. Such
14 opportunities include development of a green streets program including projects that
15 infiltrate and filter storm water and urban runoff within public right-of-way, such as
16 parkways and parks; construction of multi-beneficial regional projects that capture and
17 clean large volumes of storm water/urban runoff; and implementation of Low Impact
18 Development practices that require new developments to clean and infiltrate storm water
19 and urban runoff emanating from private property; and

20 WHEREAS, the construction and operation of the projects proposed in the
21 EWMP will require the expenditure of significant City funds and currently there is no
22 dedicated funding source for this purpose.

4. All publicly owned Parcels shall be exempt from the Parcel Tax. Publicly owned Parcels include, but are not limited to, Parcels owned by the City, County, State, federal government, public school district, water district, or flood control district. However, a Possessory Interest in a publicly owned Parcel may be taxed pursuant to the rates above based on the actual use of such Parcel, as long as the Possessory Interest holder is not otherwise exempt pursuant to this Chapter. If a Parcel is owned by an entity that can be taxed using the Los Angeles County's utility roll, such Parcel shall be taxed as a Non-Residential Parcel.

5. All Parcels that do not receive a secured property tax bill for ad valorem taxes shall be exempt from the Parcel Tax.

6. Each multi-use Improved Parcel shall be taxed the sum of the Parcel Tax rate for the various applicable Parcel Tax classifications described herein.

8 California Government Code Section 50075 et seq., and other applicable

5.06.035. Purposes and Uses of Tax

Parcel Tax Proceeds shall be collected each fiscal year and deposited in said special fund, and shall be used exclusively for the implementation of the EWMP Plan, including but not limited to, financing the operation, administration, maintenance, improvement, environmental restoration, upgrade and replacement of the existing and future storm drainage system, on-site storm water management systems, storm drain

15 not limited to the calculation and submittal of the Parcel Tax to the Los
16 Angeles County Assessor, fees for the placement and collection of the
17 Parcel Tax on the secured property tax roll, and any costs for consultants
18 and legal counsel.

19 **5.06.040. Exemptions**

20 The Parcel Tax imposed by this Chapter shall not be construed as
21 imposing a tax upon any person when the imposition of such tax upon that
22 person would be in violation of either the Constitution of the United States
23 or the Constitution of the State of California. In addition to the exemptions
24 set forth in Section 5.06.025, the City Council is authorized to establish by
25 resolution other exemption procedures and eligibility criteria for natural

9 necessary information to the Los Angeles County Auditor-Controller to
10 effect proper billing and collection of the Parcel Tax, so that the
11 installments of the Parcel Tax shall be included on the secured property
12 tax roll of the Los Angeles County Assessor. Unless otherwise required by
13 the City Council, no City Council action shall be required to authorize the
14 annual collection of the Parcel Tax as herein provided.

15 B. The Parcel Tax shall be collected in the same manner
16 as ordinary ad valorem taxes are collected and shall have the same lien
17 priority, and be subject to the same penalties and the same procedure and
